IT and Physical Plant staff continue to prepare the Mechatronics Program classrooms and Makerspace area. This work includes upgrading the technology infrastructure, electrical service, installation of equipment and cosmetic upgrades to four classrooms.

Physical Plant
Two new staff members joined the Physical Plant. Laura Fabrizio has been hired to fill the vacant Electrician position and Robert Burns started on November 13th as the Senior Groundskeeper.

Recommendations from the Facility Master Plan currently in progress;
- Six Capital Projects are currently in the planning stages with an expectation to complete most of them prior to the start of the 2024-25 school year. These include; Spencer Crest Nature Center repairs, Science Lab upgrades, work on the softball field to meet NJCAA requirements and renovations to the Steuben Hall lecture room (STU220). All projects have been processed through SUNY for matching funds and we have identified the remaining funding sources required for the 50/50 match.
- Upgrades to classrooms are ongoing, including the addition of “collaborative” classroom furniture purchased with SUNY Transformation Funds and the SUNY $606 money. Faculty members have been consulted and they are providing guidance regarding what needs to be purchased to best meet their needs.

The annual NYS Fire Inspection was completed with very few minor recommendations or remediation. Those have been addressed and we have received the final report and certifications for occupancy.

Health Office
The Health Office has completed their annual Immunization Compliance Report for Fall, 2023. They were able to obtain nearly 99% compliance with NYS requirements for Meningitis and MMR.

The Nurses are hosting a Wellness Wednesday program in the Commons with a different focus topic each week. They are working with Nursing Program students who volunteer to help them staff the table displays.

IT Department
A number of projects have been reported by IT as completed or underway, including:
- Updated campus organization chart report for HR,
- Created new FLAC report for HR so that there are more checks and balances with faculty pay,
- A student financial responsibility agreement has been set up in Banner,
