

Title: Forming MET Controls Technician

Job Number: 44625

Location: Corning NY

This position is located in Corning, NY, the location of our global headquarters, a beautiful and friendly community in the Finger Lakes. Well known as the home of beautiful gorges and waterfalls for hiking, clear lakes great for swimming, sailing, kayaking, water skiing, boating, and fishing, the region is also world-renowned for its wineries and craft breweries. Corning and surrounding communities are safe and family-friendly with excellent schools, sports programs, quaint shopping, and fine dining. If you are interested in cultural activities, you can visit the Corning Museum of Glass, the Rockwell Museum (a Smithsonian affiliate), see national productions at the Clemens Center or attend one of many community activities throughout the year like GlassFest, Sparkle, the Parade of Lights, MLK Day or Pride Day celebrations. Corning is also home to the Guthrie Wineglass Marathon, which is one of the premier US races serving as a qualifier for the Boston Marathon.

Corning Incorporated focuses on building a diverse global workforce where differences are celebrated, and employees feel safe bringing their “whole selves” to work. Our Diversity Network hosts 18 active and distinctive Employee Resource Groups. Employees have access to Allyship resources, podcasts, an internal video channel, digital learning series and trainings, all focused on building and celebrating global diversity and inclusion. Corning has been recognized as a leader in this regard and has been consistently recognized as a national employer of choice.
