DON'T SEE YOUR MAJOR?

We have a wide range of academic opportunities here at SUNY CCC. Whether you're interested in Psychology, Music, Theatre, Law, or Advanced Manufacturing, we offer learning disciplines to prepare you for careers in these fields of study, and many more!

Start Here and We'll Help You Get There.

SUNY Corning Community College has transfer agreements with colleges and universities throughout New York state and beyond that will help you take the classes you need at CCC before making a seamless transition for your next degree.

TRANSFER AGREEMENTS

Alfred University Psychology (B.A.) & Education (B.S.)

Start at SUNY CCC and then pursue a B.A. in Psychology or a B.S. in Childhood Education at Alfred University! Aside from a seamless transfer system to Alfred, there is also a modified tuition rate, saving you money while pursuing your degree.

Dental & Medical School Partnership

If you have aspirations of becoming a dentist or doctor, we have the perfect option for you with our three-way articulation agreement between SUNY CCC, SUNY Geneseo and LECOM.

Elmira College Environmental Science (B.S.)

Do you want to make a positive change in the environment we live in? Consider our transfer agreement with Elmira College your opportunity to make a difference! Obtain an A.S. in Mathematics and Sciences at SUNY CCC and take the next step at Elmira College where you'll learn to address complex environmental challenges of our world.

St. John Fisher University Wegmans School of Pharmacy

If you are interested in working in the field of pharmaceuticals, then this is a great opportunity for you! SUNY CCC and St. John Fisher University have established a 2+2 transfer agreement in which you will complete prerequisite courses at SUNY CCC before transferring to St. John Fisher to obtain a B.S. in Pharmaceutical Studies.

SUNY Oswego Music (B.A.)

Are you passionate about music? We have the perfect transfer opportunity for you with SUNY Oswego! This 2+2 agreement prepares students to transfer to pursue their passion in musical areas such as jazz studies, audio recording and production, performance studies, and generalist.

Make Friends. Make Memories. Make Yourself at Home.

Living on campus at Perry Hall is convenient and a great step toward independence.

COMMUNITY

Meet new people, share ideas, and build life-long friendships. Every inch of campus is a safe space and Perry Hall hosts a diverse population of students.

VALUE

On-campus living includes utilities, high-speed WiFi, cable TV, free laundry facilities, dining, and fitness center! Financial aid is available.

INDEPENDENCE

It's about having your own space, making your own schedule, and just ... being yourself.

SUCCESS

Put yourself in the center of it all. Living on campus gives you choices and makes it convenient to fully engage. Our on-site Residence Life staff supports you 24 hours a day.

CAMPUS SUITES

Each of our suites features furnished bedrooms and a living room and bathroom, making the living arrangements convenient and comfortable. With lounges and a kitchen on every floor and free washing machines and dryers, you'll enjoy all the comforts of home with the independence of living on your own.

MEAL PLAN AND DINING

Restaurant-style options. Resident students enjoy a meal plan (required when living on-campus), which — along with a menu of other options — is available to students who commute. Residents and commuters can enjoy healthy, nutritious, and convenient meals.

Double

Our most popular room option

Super Single

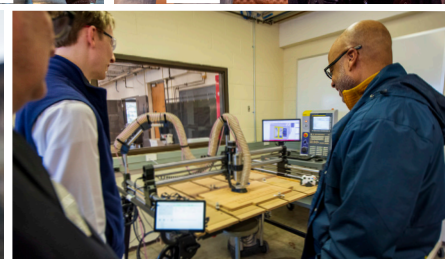

For those who want lots of space

Single

Still lots of space & a couple more friends in the living area

Short-Term Trainings. Life-Changing Results.

Are you considering changing careers? Or maybe you're interested in trainings that will help you land that big promotion. At SUNY CCC, we have short-term training options available that will set you on a path to success.

Workforce Education & Academic Pathways

We offer a variety of non-credit training, certification training, credit programs, short-term trainings and micro-credentials that are designed for adults who want to upgrade their professional skills or change career paths entirely.

Find short-term trainings (six months or less) that will prepare you for in-demand occupations. Educational options include credit and non-credit certifications, as well as micro-credentials. Funding options are available and we can help you turn your previous work skills into college credit.

POPULAR TRAININGS

- Automotive Technician
- Career Welding
- Central Service Technician
- Certified Nurse Aide
- Drone Certification
- Manufacturing Technician
- NASM Personal Trainer
- Peer Recovery Advocacy & Coaching
- Society of Human Resource Management
- and many more!

Funding, Financing & Scholarships

If you're unsure how to pay for college, we have several options to help make your educational pursuit affordable and obtainable. With hundreds of thousands of dollars in scholarships available, along with financial aid, we're here to help.

Alumni Success

Thousands of alumni started at SUNY Corning and laid the foundation for their future, such as **Eileen Collins '76**. She is a retired United States Air Force Colonel, author, and former NASA astronaut. She had a long career in aviation and now serves as chairman of the Astronaut Memorial Foundation.

Kenny Taylor '13 fulfilled his childhood dream of becoming an officer in the NYPD. **D.R. Lasseater '17** was a model in New York City and obtained a Master of Arts in Museum Studies at Kennesaw State University.

Candice Chen '24 participated in Corning Inc.'s Technician Pipeline Program. She graduated from SUNY CCC in 2024 with an A.A.S. in Chemical Technology and is now employed as a Material Process Technician at Corning Inc. **Leah McCarthy '19** was the chief editor of SUNY CCC's student newspaper, *The Crier*, and is now a member of the Global Social Media team at Corning Inc.

As a STEM Academy student, **Gracelin Geinitz '23** received an A.A.S. in Mechanical Technology and one year later graduated with an A.A.S. in Machine Tool Technology. She now works as a Manufacturing Engineer and CNC Programmer with the Hilliard Corporation.

Dr. Amy Spallone '08 owns a B.S. from Cornell and an M.D. from Albany Medical College. She is the Associate Chief Infection Control Officer at the University of Texas MD Anderson Cancer Center in Houston, Texas.

Adrian Cliteur '22 graduated from SUNY CCC and transferred to Rochester Institute of Technology where he majored in Computer Science. After spending the summer as a software engineer intern for Corning Inc., he secured a job as a Software Engineer at Vanguard.

Cameron Jensen '24 started college right after high school, but struggled in the classroom and eventually dropped out. After spending several years in the workforce, he returned to SUNY CCC in 2022 and excelled in the classroom. He earned the prestigious SUNY Chancellor's Award for Student Excellence and was one of only 73 community college students in the country to participate in NASA's Community College Aerospace Scholars (NCAS) program. He now attends Yale University on a full academic scholarship.
